Instruction to candidates

- 1) Plagiarism - The University will not tolerate cheating, or assisting others to cheat, and views cheating in coursework as serious academic offence. The work that a student submits for grading must be the student's own work, reflecting his or her learning. Where work from other sources is used, it must be properly acknowledged and referenced.
- 2) The students must submit case study in computer type format consisting of 1500 to 2000 words for each assignment.
- 3) Times New Roman, font size 12, alignment justified and 1.5 line spacing
- 4) Header to indicate: course Code & Name on the top left and Program and Semester on the right
- 5) Footer to indicate: Page numbers on the bottom right
- 6) Kindly save your file in PDF format

1. Case Study.

Suppose you are appointed as an IT head of XYZ Bank of Nepal. Every day you are encountered with different cyber threats. Prepare a case report about different possible threats you encounter during your day to day official work and solutions to minimize their effects. [10]

2. Case Study.

“Internet has revolutionized Banking Services and has made payments and fund transfer easy via online payment gateways”. Critically analyzed the statement and give examples in support to your answer. [10]

BEST OF LUCK
